

How to use Stock Images

ThemeJack ==>Settings==> Niche==> Search==> Gutters

Same Niche is listed TWICE - One with Demo ==> One with Stock

You may use the "demo" to show to prospective clients

The screenshot shows the WordPress dashboard with the 'Theme Jack' settings menu open. The 'Settings' page is displayed, specifically the 'Niche Management' section. A search bar contains the text 'gut', and a 'Search' button is visible. Below the search bar, two search results are shown: 'Gutters Demo' and 'Gutters Stock'. The 'Gutters Demo' result has a red arrow pointing to it, and the 'Gutters Stock' result has a blue checkmark icon and a red arrow pointing to it. The sidebar menu on the left includes 'Theme Jack', 'Settings', 'Earn Credits', 'Style Wizard', 'License', 'Mobile Wizard', 'FAQ', 'Sales DYNAMITE', 'Form Data', and 'Questionnaire'. The 'Settings' option is highlighted with a red arrow labeled '2'. The 'Niche Management' section is highlighted with a red arrow labeled '3'. The search bar is highlighted with a red arrow labeled '4'. The 'Gutters Demo' and 'Gutters Stock' results are highlighted with red arrows.

If you select "demo" and import the theme, all images are watermarked with the word "DEMO"

If the client provides images, resize them to fit website and upload them:

Website Image Sizes:

Slider Images: 96 resolution 620px X 352px

Small Images on Home Page: 96 resolution 280px X 77px

Make certain that each of these images are all the same height and width or the page layout goes "wonky"(they don't need to be these dimensions - just make sure that each image you use is the same height and width)

Inside Images: Approximate: 96 resolution 275px X 220px

Digital Marketing Theme and Video Marketing Agency site graphics are all created by Jack Hopman's designer and no license is necessary.
